## FUEL SYSTEM CERTIFICATION – INSPECTION BOOKING PROCEEDURE

*“NEA will recognise EAA Co Ltd as a third-party inspector for the verification of fuel injection system for petrol vehicles complying with the Japanese (i.e. JPN2009) emission standards.”*

EAA Company Limited has recently been approved by the National Environment Agency of Singapore (NEA), to conduct verification inspections of imported vehicles to determine and certify the Electronic Fuel Injection (EFI) type on each model type. This certification will confirm whether the vehicle has either a Port Fuel Injection (PFI) system, or a Gasoline Direct Injection (GDI) system.

### BOOKING PROCESS:

Inspection Booking forms can be found at the following EAA website link:

<https://eaa-s.jp/downloads/>

A copy of the subject vehicles registration certificate or export certificate should be included with the completed booking form (only where appropriate).

### INSPECTION CHARGES:

To view our current schedule of inspection fees, please view the following EAA website link:
